THU REIN PHYO KO | RYAN

FRONTEND WEB DEVELOPER

📍 Myanmar(Burmar), Magway   ✉ mr.thureinphyoko@gmail.com   📞 +959790167407

SUMMARY

Hi, I'm Thu Rein Phyo Ko(you can call me Ryan) - a passionate Front-End Developer with expertise in React, Next.js, and Tailwind CSS. I build fast, responsive, and visually stunning web applications that deliver an excellent user experience.

SKILLS

Core Technologies: **Next.js , React , JavaScript , TypeScript**

Styling and UI: **Tailwind CSS , CSS , HTML**

Version Control and Deployment: **Git , GitHub , Netlify , Vercel**

PORTFOLIO AND PROJECTS

Bagan   **Feb 2025 - Present**

A content-driven website dedicated to Bagan, the ancient city in the Mandalay Region of Myanmar. It features multiple pages, an interactive timeline, animations, and a dynamic user experience. Built with Next.js, Tailwind CSS, TypeScript, Framer Motion, and Leaflet.
This is the URL to the website - *Bagan*

BestWheel   **Jan 2025 - Feb 2025**

I developed BestWheel, a fully responsive car-dealer web app with advanced filtering, dynamic detail pages, and interactive UI using React and JavaScript.
This is the URL to the website - *BestWheel* 🔗
